

DONJOY® ICEMAN® CLASSIC Cold Therapy Unit

DonJoy® IceMan® provides a clear advantage with controlled delivery of cold therapy helping patients and medical practitioners to easily manage post-operative pain and swelling.

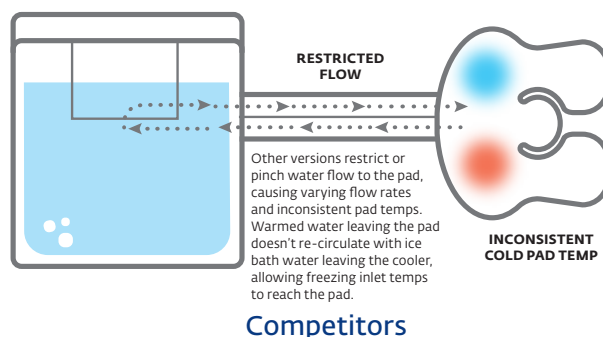

The IceMan cold therapy unit helps reduce pain and swelling, speeding up rehabilitation, and come with a comprehensive line of colds pads and accessories.

## Product Description

The IceMan CLASSIC cold therapy unit helps reduce pain and swelling, speeding up rehabilitation. The IceMan provides extended cold therapy for a variety of indications and protocols as directed by a medical professional. Using DonJoy's patented **semi-closed loop recirculation system**, IceMan delivers more consistent and accurate temperatures than other cold therapy units.

## DonJoy Patented Semi-Closed Loop Recirculation System

The DonJoy IceMan features a semi-closed loop recirculation system that allows water warmed after flowing through the pad to be preserved and remixed with cooler ice water at a constant flow rate, providing consistent cool water distribution throughout the cold pad.
